RE: WT Docket No. 12-155
Section 310(d) application
File No. 0005185165
Licensee/Assignor: LiveTV, LLC
Assignee: AC BidCo LLC

Application for a waiver of Section 22.853, seeking to assign LiveTV's one megahertz 800 MHz Commercial Aviation Air-Ground Radiotelephone service license to AC BidCo (a wholly owned subsidiary of Gogo, Inc.)

Dear Julius:

I am writing in regard to the above referenced application on behalf of my constituents, LiveTV, LLC, based in Orlando, Florida. It is my understanding that the FCC staff recommendation is nearing completion and that it will subsequently be forward to the Commission.

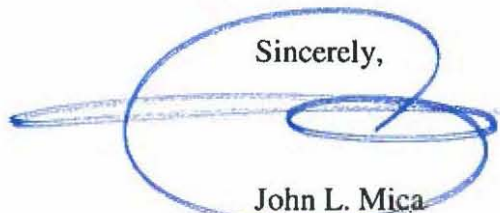

This application was filed on June 19, 2012. My constituent states that there was no objection raised to the transfer. They have indicated to me that they would like to conclude this transaction before the end of the year.

I would appreciate your assistance in following up on the progress of the staff review of the application. My constituents would like the item added to the Commission's agenda for the meeting scheduled on December 12 and I would be grateful for your assistance in this request.

Any additional information you can provide will be helpful. Your timely response to this request will be most appreciated. Thank you.

With my regards and best wishes,

Sincerely,

John L. Mica
Member of Congress

The Honorable John L. Mica
United States House of Representatives

Dear Congressman Mica:

At Chairman Genachowski's request, I am responding to your November 16, 2012 letter regarding the application to assign LiveTV's 800 MHz Commercial Aviation Air-Ground Radiotelephone license to AC BidCo, a wholly-owned subsidiary of Gogo Inc., formerly known as AirCell. The application also includes a request for waiver of a rule adopted by the Commission that states that no entity can hold more than three megahertz of 800 MHz Commercial Aviation Air-Ground Radiotelephone spectrum. Because Gogo already holds a three megahertz license, the proposed assignment of the LiveTV one megahertz license requires a waiver of this rule in order to proceed.

The staff of the Wireless Telecommunications Bureau has been working on a draft order addressing the proposed license assignment as well as the requested waiver of the ownership rule. The staff have been advised by the applicants that they wish to complete the transaction this year, and the staff is working with that time frame in mind.

We appreciate your interest in this very important matter and will include your letter in the record of the proceeding. Please do not hesitate to contact me if I can be of any further assistance.

Sincerely,
